Grain Harbour Craft Contemporary fiberglass doors are available in – smooth, oak and mahogany textures.

Durability Top and bottom rails are constructed from rot free composite material. Molded fiberglass skin, and polyurethane foam core combined with engineered wood stiles provide superior thermal performance, strength and durability.

Security Door stiles are constructed with engineered 2" hinge and 4" latch stiles.

Construction Engineered wood is stronger, free of knots and more rigid than traditional wood stiles, resisting shrinking, bowing and twisting.
